## Project Overview

---

### **Tell us a little about your project. What are the main objectives of the project, and who will benefit from it?**

Ege University School of Medicine - Children's Hospital – Children's Oncology Clinic is one of the primary caregiving and facility to children who are diagnosed with cancer and who are often admitted to treatment and follow-up after surgeries. Annually more than 100 children are given full time around the clock care. In the clinic there are 16 rooms and one emergency room. Only 5 of these rooms are equipped with bedside patient health monitors. These 5 monitors were donated to the clinic as a Rotary Club project with private sponsors and club funds. The purpose of our project is to buy 12 more monitors to fully equip all beds at the clinic and install a on-call nurse station monitor which will allow the nurse on call to monitor all patients remotely. Currently rooms without monitors need frequent visits to the patient from nurses to monitor their vital signs. However when nurses are not at the room there is no one monitoring the children and this does not allow for enough time to realize and intervene in any urgent problems.

### Do any committee members have a potential conflict of interest related to a cooperating organization?

No

### Why did you choose to partner with this organization and what will its role be?

Ege University School of Medicine (a Public University) - Children's Hospital - Children's Hematology and Oncology Department is the leading Children's Oncology Department in Turkey's Aegean Zone (includes 8 cities and total population over 10 Million people). Located in the city of Izmir (Population 4 Million), the department has been serving children in need from many cities and backgrounds with experienced staff including 2 Professors of Medicine, 3 Associate Professors of Medicine and 7 Nurse staff. This department will be recipient of the patient monitors and will be responsible for its use and maintenance. Two years ago this department has already received 5 bed side monitors from Cakabey RC club (one of the partner clubs of this project) as a club project with private sponsors. The nurses have received training and are already familiar with exact same model devices. The use of current monitors are greatly appreciated and have proven to save lives child patients until today.

### Humanitarian Projects

## Project planning

### Describe the community needs that your project will address.

At an oncology clinic, observing the following changes is very important.

1. Blood pressure
2. Oxygenation
3. Heart rate
4. Temperature
5. EKG

Using bedside monitors; all sudden changes will be noticed and will be relayed to the nurse on call monitoring station so that a prompt intervention to the patient's problem will be possible.

### How did your project team identify these needs?

Community assesment was performed with the Department to evaluate the needs. See community assesment results document of this project.

### How were members of the benefiting community involved in finding solutions?

In planning the project, the hospital authorities have helped us to get sample device images, completed official correspondence and helped to get the price quotations.

### How were community members involved in planning the project?

-Interviews with patients and their families who have received care in beds with and without monitors was helpful in determining the effectiveness and importance of the bedside monitors and therefore the necessity to be installed at all beds available in the clinic.

## Project implementation

#	Activity	Duration
1	Purchasing of equipments	3 days
2	Delivery of equipments	3 weeks
3	Preparation of the rooms	3 days
4	Installation of the equipments	2 days

### Will you work in coordination with any related initiatives in the community?

Yes

### Briefly describe the other initiatives and how they relate to this project.

Two years ago this department has already received 5 bed side monitors from Cakabey RC (one of the partner clubs of this project) as a club project with private sponsors. This project is a continuation and completion of the previous effort to supply bedside monitors to all the patient rooms.

### Please describe the training, community outreach, or educational programs this project will include.

Currently there are 5 bedside monitors of the same make and model beng used in the clinic. Nurses at the clinic have already received training on this specific model and have already performed annual calibration and maintenance services on similar devices.

### How were these needs identified?

-

**What incentives (for example, monetary compensation, awards, certification, or publicity), will you use, if any, to encourage community members to participate in the project?**

After delivery of the monitors and equipment a press meeting will be held by the Rector of the University, staff of the clinic, and Rotarians. The project and its importance will be published in the press and on the web. The front of all devices will be placed with a Rotary Foundation plaque to draw attention to the patients and thier families and visitors in order to increase awareness of Rotary.

**List any community members or community groups that will oversee the continuation of the project after grant-funded activities conclude.**

Prof. Med. Dr. Mehmet Kantar  
Head Nurse Esin Acikel

**Budget**

**Will you purchase budget items from local vendors?**

Yes

**Explain the process you used to select vendors.**

We asked for equipments from 3 distributors who imported the device.

They all bid on the same device.

Delivery times are the same. Warranty times are the same. Service is the same.

We choose the one who gave the cheapest price, which is also the same make and model of the existing 5 devices used in the clinic.

**Did you use competitive bidding to select vendors?**

Yes

**Please provide an operations and maintenance plan for the equipment or materials you anticipate purchasing for this project. This plan should include who will operate and maintain the equipment and how they will be trained.**

All the nurses had learned to use monitors during their studies in mdeical school.

Currently there are 5 bedside monitors of the same make and model beng used in the clinic. Nurses at the clinic have already received training on this specific model and have already performed annual calibration and maintenance services on similar devices.

The electricity use of the devices will be from the hospital system.

There is no need for consumables to use the devices.

**Describe how community members will maintain the equipment after grant-funded activities conclude. Will replacement parts be available?**

Repair and maintenance after the end of the warranty period will be made by funds from the hospital.

**If the grant will be used to purchase any equipment, will the equipment be culturally appropriate and conform to the community's technology standards?**

Yes

**Please explain.**

This clinic already has 5 monitors of the same make and model beng used in the clinic. Nurses at the clinic have already received training on this specific model. The addition of new monitors will be seamless and easy with the staff and infrastructure.

**After the project is completed, who will own the items purchased by grant funds? No items**

**may be owned by a Rotary district, club, or member.**

Ege University School of Medicine - Children's Hospital – Children's Hematology and Oncology Department.

## Funding

**Have you found a local funding source to sustain project outcomes for the long term?**

No

**Will any part of the project generate income for ongoing project funding? If yes, please explain.**

### Authorizations & Legal Agreements

#### Legal agreement

Global Grant Agreement

I confirm and agree to the following:

1. All information contained in this application is, to the best of our knowledge, true and accurate.
2. We have read the Terms and Conditions for Rotary Foundation District Grants and Global Grants ("Terms and Conditions") and will adhere to all policies therein.
3. The grant sponsors ("Sponsors") shall defend, indemnify, and hold harmless Rotary International (RI) and The Rotary Foundation (TRF), including their directors, trustees, officers, committees, employees, agents, associate foundations and representatives (collectively "RI/TRF"), from and against all claims, including but not limited to claims of subrogation, demands, actions, damages, losses, costs, liabilities, expenses (including reasonable attorney's fees and other legal expenses), awards, judgments, and fines asserted against or recovered from RI/TRF arising out of any act, conduct, omission, negligence, misconduct, or unlawful act (or act contrary to any applicable governmental order or regulation) resulting directly or indirectly from a Sponsor's and/or participant's involvement in grant-funded activities, including all travel related to the grant.
4. The failure of the parties to comply with the terms of this Agreement due to an act of God, strike, war, fire, riot, civil unrest, hurricane, earthquake, or other natural disasters, acts of public enemies, curtailment of transportation facilities, political upheavals, acts of terrorism, or any similar cause beyond the control of the parties shall not be deemed a breach of this Agreement. In such an event, the Agreement shall be deemed terminated and the Sponsors shall refund all unexpended global grant funds within 30 days of termination.
5. TRF's entire responsibility is expressly limited to payment of the total financing amount. TRF does not assume any further responsibility in connection with this grant.
6. TRF reserves the right to cancel the grant and/or this Agreement without notice upon the failure of either or both of the Sponsors to abide by the terms set forth in this Agreement and the Terms and Conditions. Upon cancellation, TRF shall be entitled to a refund of any global grant funds, including any interest earned, that have not been expended.
7. The laws of the State of Illinois, USA, without reference to its conflicts of laws principles, shall govern all matters arising out of or relating to this Agreement, including, without limitation, its interpretation, construction, performance, and enforcement.

8. Any legal action brought by either party against the other party arising out of or relating to this Agreement must be brought in either, the Circuit Court of Cook County, State of Illinois, USA or the Federal District Court for the Northern District of Illinois, USA. Each party consents to the exclusive jurisdiction of these courts, and their respective appellate courts for the purpose of such actions. Nothing herein prohibits a party that obtains a judgment in either of the designated courts from enforcing the judgment in any other court. Notwithstanding the foregoing, TRF may also bring legal action against Sponsors and/or individuals traveling on grant funds in any court with jurisdiction over them.

9. This Agreement binds and benefits the parties and their respective administrators, legal representatives, and permitted successors and assigns.

10. If any provision of this Agreement is determined to be illegal, invalid or unenforceable, the remaining provisions of this Agreement shall remain in full force and effect.

11. Sponsors may not assign any of its rights under this Agreement except with the prior written consent of TRF. Sponsors may not delegate any performance under this Agreement without the prior written consent of TRF. Any purported assignment of a Sponsor's rights or delegation of performance without TRF's prior written consent is void.

12. TRF may assign some or all of its rights under this Agreement to an associate foundation of TRF. TRF may delegate any performance under this Agreement to an associate foundation. Any other purported assignment of TRF's rights or delegation of performance without the Sponsors' prior written consent is void.

13. Sponsors will comply with all economic and trade sanctions, including those implemented by the Office of Foreign Assets Control (OFAC) of the United States Department of Treasury, and will ensure that they do not support or promote violence, terrorist activity or related training, or money laundering.

14. This Agreement constitutes the final agreement between the parties. No amendment or waiver of any provision of this Agreement shall be effective unless it is in the form of a writing signed by the parties.

15. Rotary International (RI) and TRF may use information contained in this application and subsequent reports to promote the activities by various means such as The Rotarian, Rotary Leader, rotary.org, etc. Unless indicated otherwise in writing, by submission of the photos, the parties hereby grant to RI and TRF the worldwide right to publish and use the photos, including but not limited to, in RI and TRF publications, advertisements, and Web sites and on social media channels and to license use to others, including, but not limited to, media outlets and its partners and through RI's online image database, for the purposes of promoting Rotary. By submitting the photos, the parties represent and warrant that all persons appearing in the photos have given their unrestricted written consent to use their likenesses and to license use to third parties.

16. The Sponsors agree to share information on best practices when asked, and TRF may provide their contact information to other Rotarians who may wish advice on implementing similar activities.

17. The Sponsors will ensure that all individuals traveling on grant funds have been informed of the travel policies stated in the Terms and Conditions and have been made aware that they are responsible for obtaining travel insurance.

## **Primary contact authorizations**

### **Application Authorization**

By submitting this global grant application, we agree to the following:

1. All information contained in this application is, to the best of our knowledge, true and accurate, and we intend to implement the activities as presented in this application.
2. The club/district agrees to undertake these activities as a club/district.

3. We will ensure all cash contributions (as detailed in the grant financing) will be forwarded to The Rotary Foundation (TRF) or sent directly to the global grant bank account after Trustee approval of the grant.
4. Rotary International (RI) and TRF may use information contained in this application to promote the activities by various means such as The Rotarian, the RI international convention, RVM: The Rotarian Video Magazine, etc.
5. We agree to share information on best practices when asked, and TRF may provide our contact information to other Rotarians who may wish advice on implementing similar activities.
6. To the best of our knowledge and belief, except as disclosed herewith, neither we nor any person with whom we have or had a personal or business relationship are engaged, or intend to engage, in benefiting from TRF grant funds or have any interest that may represent a potential competing or conflicting interest. A conflict of interest is defined as a situation in which a Rotarian, in relationship to an outside organization, is in a position to influence the spending of TRF grant funds, or influence decisions in ways that could lead directly or indirectly to financial gain for the Rotarian, a business colleague, or his or her family, or give improper advantage to others to the detriment of TRF.
